

Thank You!

The 2011 GAP team would like to extend a tremendous thank you for the time and effort you have contributed to making the exhibition an absolute success. The ideas, designs, and architecture you provided us for display intrigued the audience and sparked an interest in Chilean culture and design. We appreciate you sharing your enthusiasm for design and providing an insight into the rich landscape in which you create.

A hard copy of the official exhibition catalogue will arrive via post. We hope you enjoy the catalogue as much as we have in putting it together.

You can log onto 4share to view all exhibition photos. For any photographic reproductions, please contact us.
